

## BECHA SA Quality Policy

Guided by our core values of **SAFETY, QUALITY** and **EFFICIENCY** our mission at Becha is to **CREATE SAFE ROADS**.

We actively work to **continually improve our work** in our daily actions based on:

- **RESPONSIBILITY** and **COMMITMENT** to the **core values**, complying with the rules and procedures applicable for all the operations of preparation and application of materials and with the requirements of all interested parties specific to the company's internal and external contexts.
- **PERSONAL DEVELOPMENT** including human and technical skills, and promoting participation, training and integration.
- **RESEARCH** for the **INNOVATION** of new products and services for our clients.
- **SUSTAINABILITY**, including economic, environmental, and social commitments.
- **INTEGRITY** in our work: respecting the people as well as the environment in which we operate, and complying with the company's Code of Ethics and Conduct.
